About Me

Experienced Software Engineer with 5+ years of hands-on expertise in architecting, developing, and deploying high-performance web and mobile applications. Passionate about crafting user-first solutions with seamless cross-platform experiences, and proven success in launching polished apps on both the App Store and Google Play Store.

Work Experience

React Native Developer

Xcorebit

Oct 2025 to Present

- Worked with hardware integrations including Bluetooth sensors and IoT devices (PSI, DP, GPM, LRC), enabling real-time data communication in mobile apps.
- Implemented CI/CD pipelines to streamline build, testing, and deployment

Senior React Native Developer

SmartAI Soft

March 2024 to Sep 2025

- Built high-performance React Native apps with optimized state management (Redux, Context API) and seamless REST API integration.
- Published apps on App Store/Google Play using Fastlane, GitHub Actions,

React Native Developer

CodeTeck

Aug 2023 to March 2024

- Utilized full React Native capabilities, including state management and APIs.
- Built multiple Flutter utility apps for daily use, with local storage.
- Successfully deployed and published apps on App Store and Google Play Store

Software Engineer

Khired Network

Aug 2021 to July 2023

- Developed React & React Native apps using TypeScript, JavaScript, and Redux.
- Integrated APIs and handled authentication with Firebase, Google, Facebook.
- Worked on both iOS and Android platforms for app development.

Relevant Skills

- **Frontend Architecture:** Micro Frontends, Modular Design, Lazy Loading
- **Use Case Implementation:** Business Logic Mapping, Feature-Driven Development, Component Isolation
- **Testing & QA:** Unit Testing, Integration Testing, Jest, React Testing Library, Test Case Documentation
- **Web Technologies:** React, TypeScript, JavaScript, HTML, CSS, Tailwind CSS, Bootstrap
- **Mobile Development:** React Native, Flutter (iOS & Android), NativeBase
- **State Management:** Redux, Redux Toolkit, Context API
- **APIs & Tools:** RESTful APIs, JSON, Postman
- **Authentication:** Firebase, Google, Facebook
- **Version Control & CI/CD:** Git, GitHub, GitLab, GitHub Actions, Fastlane, Firebase App Distribution

Major Projects

Focused on secure authentication, user engagement, and seamless web & mobile experiences with dynamic content integration.

- **Tech Stack:** React, React Native, Redux Toolkit, Firebase, Google Authentication
- **Key Features:** Multi-method authentication, real-time push notifications, robust API integrations, intuitive UI/UX

Mersive – Connect Without Limits

A cross-platform solution built using React Native Expo (iOS, Android, Web, TV)

- Created a seamless collaborative environment by eliminating digital gaps during meetings and classes.
- Developed an intuitive UI with React Native Expo to ensure a consistent experience across platforms.
- Contributed to a smooth user flow where technology blends into the background to enhance productivity.

Amara Social

- Built unique content templates (recipes, workouts, blogs) for diverse sharing.
- Developed dual newsfeeds for creators and personal connections.
- Integrated optional metrics for a cleaner, user-focused experience.

Zepiex

- Developed a live tracking platform for guards, enabling real-time updates for managers.
- Integrated features for updating guard schedules, sites, and report submissions.
- Implemented secure authentication processes for both guards and managers.

SwingSmith

- Analyzed golf swings, suggested workouts and drills.
- Implemented multi-method authentication and user dashboards.

Simple Rishta

- Implemented secure Google authentication with user verification for login/signup.
- Designed an intuitive UI for profile creation with custom components.
- Integrated APIs for dynamic content, family information, image uploads, and notifications.

Tecklogs

- Provides tools for efficient work log management.
- Tracks attendance and team activity seamlessly.

Mini Projects

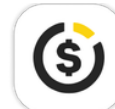

Money Tracker Pro

TodoVault

World Pulse

BudgetApp

Bejaan

Education History

Bachelor of Science in Computer Science

Institution: FAST National University of Computer & Emerging Science

Fsc Pre Engineering

Institution: Tariq Bin Ziad Inter College Sahiwal
